

EVANGELISTIC SONG PROGRAM SATURDAY

Rev. Luther Bridgers Preached
Last Night to Good Audience.
Services Again Tonight.

"The Conditions of the Discipleship" was the subject of the forceful sermon last night by Rev. Luther B. Bridgers, who is conducting a series of revival services at Centenary church. He took as his text the words, "My sheep hear my voice and know me." In elaborating on this text the preacher stressed the necessity of service to maintain the Christian experience. He said the continuance of the Christian life depended on fulfillment of the Christian relations laid down in the Bible. These included study of God's word, church attendance, prayer and general service.

There was present a good congregation and deep interest was shown in the services. Preceding the sermon Mr. Bridgers, E. L. Wolslager, director of music, and Ollie Stapleton, an evangelistic singer now in the army service at the fort, sang a trio, which was highly enjoyed by all present. Mr. Bridgers will preach tonight on "The Fruits of Bible Repentance." There will be no preaching services at the church Saturday, but Saturday night an evangelistic musical program has been arranged in connection with the regular Saturday night services for soldiers, which include the cafeteria lunch. This program will consist of solos, duets, trios and quartets, and Mr. Wolslager will have charge of this musical program.

Giant Shoe Shop to Be Organized at Park

A shoe repairing shop will soon be installed in Camp Warden McLean to take care of the footwear of the cadets. The machinery is already in camp and a house given over for the purpose. At present one of the rooms in the house is about half full of worn shoes to be renovated.

Up until now army shoe repairing has been done by civilian contractors, but with the recent installation of the reclamation service shoes came under direct military control.

Another reason why the army mends its own shoes is because of the change in the handling of soldiers' clothes. During peace the army allowed each soldier a certain amount each month to purchase his clothes. If the soldier could save anything out of this sum it went to his credit. Under war conditions the fighter wears out his clothes more rapidly, and the government now furnishes the outfit in rem. This leads to curious complications when a man is discharged from the army. He hasn't a rag of clothing he can call his own, and usually he hasn't the money to buy an outfit. However, he has permission to wear his uniform thirty days before turning it in.

Children's Coughs and Colds.
For many years Chamberlain's Cough Remedy has been a favorite with mothers for their children. That it has well merited the esteem in which it is held is shown by the following extract from a letter to the manufacturers by Mrs. T. H. Still, Charleston, Ill.: "Last winter our little boy, two years of age, had a severe cold that settled on his lungs and we were greatly worried over his condition. He had a very persistent cough that hung onto him, despite all the treatment we gave him until I got him a bottle of Chamberlain's Cough Remedy. This preparation relieved him almost immediately and two bottles of it cured him."—(Adv.)

SANITARY GROCERY STORE SUBJECT OF LECTURE

"The Sanitary Grocery Store" was the subject of a talk made by C. P. Knight, passed assistant surgeon of the United States public health service, Thursday night at the Retail Grocers' association.

In his talk the health official told the grocery dealers just what part their place of business played in the health of the community in which they were established. He urged the grocers to keep their stores free of flies and insanitary conditions. He made a number of suggestions during his talk which he advised the dealers to carry out in order to guard against the spread of typhoid fever.

Dr. Knight also told them that he thought it would be a good plan for the grocers to get together and adopt a rule requiring all members of the association to bottle buttermilk. He told the importance of keeping the pails or cans clean and properly covered.

Eckman Laboratories, Philadelphia.

WHEN YOU WAKE
UP DRINK GLASS
OF HOT WATER

Wash the poisons and toxins from
system before putting more
food into stomach.

Wash yourself on the inside before
breakfast like you do on the outside.
This is vastly more important because
the skin pores do not absorb impurities
into the blood, causing illness,
while the bowel pores do.

For every ounce of food and drink
taken into the stomach, nearly an
ounce of waste material must be car-
ried out of the body. If this waste ma-
terial is not eliminated day by day it
quickly ferments and generates poi-
sons, gases and toxins which are ab-
sorbed or sucked into the blood stream,
through the lymph ducts which should
suck only nourishment to sustain the
body.

A splendid health measure is to
drink, before breakfast each day, a
glass of real hot water with a tea-
spoonful of limestone phosphate in it,
which is a harmless way to wash these
poisons, liver, kidneys and bowels;
thus cleansing, sweetening and fresh-
ening the entire alimentary canal be-
fore putting more food into the stom-
ach.

A quarter pound of limestone phos-
phate costs but very little at the drug
store but it is sufficient to make any-
one an enthusiast on inside bathing.—
(Adv.)

FIFTEEN MORE DAYS TO FILE INCOME SCHEDULES

Sid Lucas, Internal Revenue
Agent, Issues a Kindly
Warning.

"All you folks who are lucky enough
to have incomes big enough to pay a
tax to Uncle Sam had better go to the
income tax office in the federal build-
ing and make out your schedules."

This is the way Sid Lucas puts it to
the people of Chattanooga, and he
says the reason for this is that there
are only fifteen more days for this to
be done before a penalty accrues on
incomes.

Internal Revenue Collector Craig
sent three men to Chattanooga a few
days ago to assist all income tax pay-
ers in making out their schedules, of
excess profits, individual, corporation
and partnership incomes, but the pay-
ers seem slow about taking advantage
of this offer and the deputies have
just been sitting around the office idle
for the want of assisting somebody.

The time for making out these
schedules ends April 1, and unless they
are filed by that date it is up to the
government agents to get the
schedules another way, and the gov-
ernment rarely shows any mercy to
delinquents, and those who have had
experience with Uncle Sam can tell
just what a thrilling experience this is,
to convince the delinquent that Uncle
Sam means strictly business when he
sets a day to do a certain thing.

The making out of these schedules
is something of a puzzle, and the ordi-
nary man, no matter how much
business ability he may possess, runs
up against a proposition when he un-
dertakes to do this job unassisted.

So the revenue men have issued a
last warning to all to come
and come right away.

TWO MORE VOLUNTEERS LEAVE FOR CAMP GREENE

Two men left today for service for
Uncle Sam. Fred Pace, from board
No. 2, and Harold L. Bean, from board
No. 1. Mr. Pace goes to Camp Green,
Charlotte, N. C. Mr. Bean goes to the
aviation school at Camp McArthur,
Waco, Tex.

HIGHLAND PARK M. E. TO HAVE TWO WEEKS' REVIVAL

A two weeks' revival campaign will
begin at the Highland Park M. E. church,
south, Sunday morning at 11 o'clock.

with Dr. N. M. Watson, the pastor, doing
the preaching, and with R. O. Bell, of the
Baptist Tabernacle, in charge of the
music.

Sunday is "Go-to-Church" day at this
house of worship, and the occasion will
be observed in both the Sunday school
and church.

ABEL OPPOSED TO OLD SYSTEM OF DRY MEASURES

Food Administrator J. W. Abel has
written to T. F. Mahoney, sealer of
weights and measures, announcing that

the method of dry measuring is a thing
of the past. Everything that will be sold
hereafter will be weighed. This was
made necessary for the purpose of exact-
ness and definiteness in measuring all
commodities, declared Mr. Abel.

Beans, dry and green; potatoes, onions
and in fact everything must be weighed.
Nothing will be sold by the dozen. For
instance, if the customer wants twelve
in number of a certain article they must
be weighed to the customer. This applies
to all garden and truck products.

If you go down to get some apples get
six or twelve and have the grocerman to
weigh them to you. Call for a dozen eggs
and have them weighed.

Nemo
SELF-REDUCING

The Flesh Goes Away!
The first thing a Nemo Self-Reducing Corset does for a 100-stout woman is to make her LOOK SMALLER.

The second thing it does is to make her ACTUALLY SMALLER by the automatic, gentle massage which softens fatty tissues so that they are absorbed and taken away.

Nemo Self-Reducing is the ONLY corset that can do this.

It makes a stout woman more stylish, more comfortable, and more healthy—hence HAPPIER. Get your dealer to fit you in the model you need.

20 Models—\$3.00, \$4.00 and up

WORLD-STANDARD CORSET
FOR
STOUT WOMEN

The Joy Of Coming Motherhood

A Wonderful Remedy That is a Natural
Aid and Relieves the Tension.

The expectant mother revolves in her mind all we understand by destiny. And it is of the utmost importance that her physical comfort be our first thought.

There is a most splendid remedy for this purpose, known as Mother's Friend. It is applied over the muscles of the stomach, gently rubbed in, and at once penetrates to relieve strain on nerves, cords and ligaments. It makes the muscles so pliant that they expand easily when baby arrives and pain and danger at the crisis is naturally less.

Mother's Friend is for external use only, is absolutely safe and wonderfully effective. It enables the expectant mother to preserve her health and strength and she remains a pretty mother by having avoided the suffering and danger which would otherwise accompany such an occasion. Every nerve, muscle and tendon is thoroughly lubricated.

Mother's Friend is prepared by the Bradford Regulator Co., J-174 Lamar Bldg., Atlanta, Ga. They will mail you an intensely interesting "Motherhood Book." Write them to send it to you, and in the meantime send or phone to your druggist today for a bottle of Mother's Friend.

Every woman should aid nature in her glorious work. Mother's Friend makes it possible for you to do so, and should be used regularly, without fail, night and morning.—(Adv.)
